

## Cry Like A Baby

Kasey Chambers

Well I never lived through the great depression  
sometimes I feel as though I did  
And I don't have answers for every single question  
But that's OK 'cos I'm just a kid

Well I've seen pictures of my mother  
When she looked exactly like me  
And I've seen all my friends running for cover  
Running from something they can't see

And it's not easy to get handle on my life  
but I have tried it time and time again

But I still cry just like a baby  
And I answer back to feel a little free  
And I still fly even though I'm gonna fall  
But I'm too far to let it get to me

Well I'm not much like my generation  
Their music only hurts my ears  
And I don't hide my pain to save my reputation  
It's too hard to keep up with these years

And it's not easy to a habit disappear  
But I have tried it time and time again
