## **Cry Like A Baby**

## **Kasey Chambers**

Well I never lived through the great depression somethimes I feel as though I did And I don't have answers for every single question But that's OK 'cos I'm just a kid

Well I've seen pictures of my mother When she looked exactly like me And I've seen all my friends running for cover Running from something they can't see

And it's not easy to get handle on my life but I have tried it time and time again

But I still cry just like a baby
And I answer back to feel a little free
And I still fly even though I'm gonna fall
But I'm too far to let it get to me

Well I'm not much like my generation
Their music only hurts my ears
And I don't hide my pain to save my reputation
It's too hard to keep up with these years

And it's not easy to a habit disappear But I have tried it time and time again
