

Down Here On Earth

Kasey Chambers

Come down from your high horse
Aren't you tired and lonely?
Come down from your high horse
If you wanna get to know me

Hey, ho, round we go
Or make it worse
Hey, ho, round we go
It's better down here on earth

Come down from your high horse
Don't be bitter and twisted
Come down from your high horse
You'll be mad, you missed it

Hey, ho, round we go
Or make it worse
Hey, ho, round we go
It's better down here on earth

Come down from your high horse
Aren't you tired and lonely?
Come down from your high horse
If you wanna get to know me

Hey, ho, round we go
Or make it worse
Hey, ho, round we go
It's better down here on earth

Hey, ho, round we go
Or make it worse
Hey, ho, round we go
It's better down here on earth
