

# Guilty As Sin

Kasey Chambers

Wrong way down a wrong way track  
Cold run down the length of my back  
Whip my heart with a mighty crack  
You gave me the closest thing  
To a heart attack

My body shivers my body it shakes  
You rock the house with the  
Love that you make  
I'm growing weak with  
This intangible ache  
But baby keep it coming  
For goodness sake

Wash me down with the dirty water  
Open the door baby let me come in  
If it's a crime to let you under my skin  
Lock me up cause I'm as guilty as sin

You got no style you ain't  
Heart of romance  
I'm like a food for even  
Taking a chance  
You got me flying  
By the seat of my pants

But come on baby, I wanna dance
