

# Living On The Railroad

Kasey Chambers

Your mother don't cry  
Your daddy don't go  
The spies don't let the government know  
The water don't rise  
Living on the railroad  
Your brother don't lie  
Your lover don't cheat  
The ground wont fall  
From under your feet and the wind don't blow  
Livin on the railroad

Living on the railroad, living on the railroad

Your colour don't fade  
Your sorrow don't show  
The shadow don't follow wherever you go  
The butter don't melt livin' on the railroad  
Your cards don't lose  
Your brakes don't fail  
The rain comes down to cover your trail  
But the wind don't blow living on the railroad

Living on the railroad, living on the railroad  
Living on the railroad, living on the railroad

Thunder, lightening,  
Stealing, fighting  
Crashing, cryin, breakin', dyin',  
Failing, fallin', lyin'  
Greed  
These are the things I never see

Living on the railroad, living on the railroad  
Living on the railroad, living on the railroad.
