Stronger

Kasey Chambers

I'm a little bit stronger, I'm a little bit wiser, It's a little bit clearer in my mind. I can shout a bit louder, I can feel a bit prouder, But nothing makes sense to me this time.

I'm a little bit older, I'm a little bit surer, I can fight a bit harder against the tide. I can make it sound better, Much better than sadder, But nothing makes sense to me this time.

I thought it was good, I thought it was fine, I thought it was just a matter of time, The sun would shine. I held my breath, I covered my eyes, Thought I was just clearing the skies, The sun would shine.

I'm a little bit braver, I'm a little bit wilder, I can stand a bit closer to the light. I can stand a bit taller, Like I wouldn't fall over, But nothing makes sense to me this time.

I thought it was good, I thought it was fine, I thought it was just a matter of time, the sun would shine. I held my breath, I covered my eyes, Thought I was just clearing the skies, The sun would shine.

If my collar fades to white Should I hold my head up high

I thought it was good, I thought it was fine, I thought it was just a matter of time, the sun would shine. I held my breath, I covered my eyes, Thought I was just clearing the skies, The sun would shine. I thought it was good, I thought it was fine, I thought it was just a matter of time, the sun would shine. I held my breath, I covered my eyes, Thought I was just clearing the skies, The sun would shine.
