

The Devil's Inside My Head

Kasey Chambers

I had a dream I was lost at sea,
Sorrow's cloud came down on me
Stranded out on a boat made of fire,
running on desire

Lord have mercy on my every sin
Hold my head up while the water comes in
"Hallelujah", I heard you call
but no one came at all.

Then I woke
In my bed
And I cried out
The Devil's inside my head

I had a dream I was crucified
hung my head as the town folk cry
I gave my life to save my soul
But the devil took them both

Then I woke
In my bed
And I cried out
The Devil's inside my head

I had a dream I was in my grave
Made my way to the Pearly Gates
Underneath opened up and I fell
Down to the gates of Hell

Then I woke
In my bed
And I cried out
The Devil's inside my head

Then I woke
In my bed
And I cried out
The Devil's inside my head
