

The Stupid Things I Do

Kasey Chambers

Drift into space like a moth to a flame
Talking too much but forgetting my name
These are the stupid things that I do
'Cause I love you

Stand in the corner, counting down sleeps
Holding my breath and I'm playing for keeps
These are the stupid things that I do
'Cause I love you

I love you all, I love you all
I love you all, I love you all
I love you

Mix all my words up and say it all wrong
Don't see enough but I stare way too long
These are the stupid things that I do
'Cause I love you

I tilt my head back and flutter my eyes
Hide my mistakes and believe all my lies
These are the stupid things that I do
'Cause I love you

I love you all, I love you all
I love you all, I love you all
I love you
