## Kalifornia

## Kashmir

Kalifornia, have you gone wild?
I'm sifting through your dark miles
Reaching out for you
In the headlights glare
But you're way too devious
To be aware

Restless, restless Windswept road Take me someplace Unfold

Kalifornia, in a bleak road song Old nick warned me Against the storm But I'm your slipstream You're my trail Drive wild with me Full sails

Restless, restless Windswept road Take me someplace Unfold

Sometime
Get there sometime
