

# Ruby Over Diamonds

Kashmir

what a wonder  
it is to see you  
what a wonder  
it is to feel you

I found your hideout  
in the rubble  
where you can cry out  
when you're in trouble

now I want to be  
in your hide and seek  
now I want to make children

do I scare you  
or make you frightened  
don't you dare to move  
the rope's will tighten

is it over  
does it hurt you  
all I wanted was  
to divert you

now I want to be  
in your hide and seek  
now I want to make  
love to, love to, love to you

you're the glacier  
I'm the bonfire  
you're the treasure  
that I desire

you're the ruby  
over diamonds  
shy and moody  
you're a wonder  
wonder
