

I Need You

Kasia Kowalska

Maybe I'm sick or wrong
Maybe I did something that I've never done before
Hopelessly this love slowly causes me pain
Ruins my mind.

Even though I'm feelin' completely strong
Without you baby I'm only playing myself
Here I am
Alone but one thing I know for sure.

I didn't try
To make away
I didn't even
Try to know.

That you'd been always hurt
Hopelessly this love really
Makes me feel depressed
All the time.

Even though I'm feelin' completely strong
It's so hard to find a place to where I belong
Here I'm alone
But one thing I know for sure.

All the tears all the pain it makes me feel
That I need you here 'cause I'm alone
I thought I'd told you everything
You've always wanted to know.

'Cause I've been wrong but never mind
Show some respect for me one more time
I need you here
I'm so desperate.

I thought I'd given you the love
You've always wanted to have
I need you baby
I want you baby.

Why don't you tell me
You ever want tell me
Have you a felt the way
I do now tell me the truth.

Say what do you really feel
Let me love you please let me hold you
Don't dare be indifferent anymore
No, no, no, no!

That I need you here 'cause I'm alone
I thought I'd told you everything
You've always wanted to know
'Cause I've been wrong but never mind.

Show some respect for me one more time
I need you here I'm so desperate

I thought I'd given you the love
You've always wanted to have.

That I need you here 'couse I'm alone
I thought I'd told you everything
You've always wanted to know
'Couse I've been wrong but never mind.

Show some respect for me one more time
I need you here I'm so desperate
I thought I'd given you the love
You've always wanted to have.
