

## This Time

Kasia Kowalska

This time I know this feeling  
It's growing deep inside of me  
I know that you will change my life  
This time I'll keep on trying  
To love you more  
But you don't even try  
Someone's calling me again  
I will not go if you want me to stay  
Run with me make me alive  
I wanna feel you holding me tight  
If you're gonna treat me subtle  
I'll let you free the love I've buried inside.
