

## Call Out

Kaskade

And I turn the lights  
I turn the covers  
I go through the motion  
I call out, call out

Another ceiling  
I imagine places  
I, I'd rather be  
I, I slip away  
As I call out, call out

(Call out)  
Go through the motion, I  
(Call out)

(Call out)  
Go through the motion, I  
(Call out)

(Call out)  
Go through the motion, I  
(Call out)  
Go through the motion, I

(Call out)  
(Call out)  
Go through the motion, I  
(Call out)

When I hurt  
I go to the place  
I close the curtain  
I watch the ceiling  
As I call out, call out

It's only moments that  
Stand between  
As I hear the clock  
I feel the motion  
As I call out, call out  
Call out, call out

Call out  
Call out  
Call out  
Call out
