## **Everything**

Kaskade

I'm finding the more I see the more I can see Now I'm not hiding anymore, yeah, yeah

Come on, baby, let me know how you feel Come on take me, I can see this is real

Ever since your love filled my life I see it's changing everything Don't you know the way you move me It's so right, it's better than anything

You are the star in the night time Shining for me, baby Love is so right Come on, I'm feeling everything

You know me in a way like no one ever before You hold me forever, yeah, yeah

Come on, baby, let me know how you feel Come on take me, I can see this is real

Ever since your love filled my life I see it's changing everything Don't you know the way you move me It's so right, it's better than anything

You are the star in the night time Shining for me, baby Love is so right Come on, I'm feeling everything

Come on, baby Come on, baby
