

Maybe
Seems like the only word we trust
So uncertain
We stumble to understand our fall

Maybe we're starting to deal
(Talkin' about us)
Darlin', maybe this love can be real
(Won't be walkin' away)
Maybe inside we feel
I'm not talking 'bout us.

Maybe
You can make me smile when you're around
You can be sunshine
But even sometimes the sunshine can bring me down.

Maybe we're starting to deal
(Talkin' about us)
Darlin', maybe this love can be real
(Won't be walkin' away)
Maybe inside we feel
I'm not talking 'bout us.

Maybe we're starting to deal
(Talkin' about us)
Darlin', maybe this love can be real
(Won't be walkin' away)
Maybe inside we feel
I'm not talking 'bout us.

Maybe we're starting to deal
(Maybe we're starting to deal)
Maybe this love can be real
(Maybe this love can be real)
Maybe inside we feel
(Maybe inside we feel)

Maybe we're starting to deal
(Talkin' about us)
Darlin', maybe this love can be real
(Won't be walkin' away)
Maybe inside we feel
I'm not talking 'bout us.
