

Sweet remembering
End of summer
You came back
For fall semester

Pose for the camera
Posing in my mind
I see the picture
I feel the shadow left behind

Left with the imprint
The memory to revive
It's clear as day
Clear as your shadow left behind

You were different
Like you'd grown up
Taught from dusk
Till after summer

Pose for the camera
Posing in my mind
I see the picture
I feel the shadow left behind

Left with the imprint
The memory to revive
It's clear as day
Clear as your shadow left behind

Pose for the camera
I see the picture
