

Something Something

Kaskade

I want to be with you
Would do anything
Within reason for you
But if you don't feel
The way I feel about you
I'll just let my heart break

You have no soul
It's a love letter
'Cause they're playing
On your heart strings
You're wishing
I would be well
'Cause your heartbeat
Sets the song feel

(2x)

I don't need you
I just want you
I want you
When you'll hear this
You'll know I'm...
You'll know

You have no soul
It's a love letter
'Cause they're playing
On your heart strings
You're wishing
I would be well
'Cause your heartbeat
Sets the song feel

(2x)

I don't need you
I just want you
I want you
When you'll hear this
You'll know I'm...
You'll know
