

Hope St.

Kassidy

There's a whisper I always hear,
Screaming out never been so clear
You think you're right but you got it wrong,
Givin up on all your rag & bones

I took a ride up to I don't know,
Crossed the lines where no-one else would go
I can tell you all the things I've done,
I've lived a life as if I've lost my own

And you can hold me down,
Take the pain away,
The pain away
Hope I've found,
Another day, like yesterday

I took a ride up to I don't know,
Crossed the lines where no-one else would go
And I can tell you all the things I've done,
I've lived a life as if I've lost my own

And you can hold me down,
Take the pain away,
The pain away
Hope I've found,
Another day, like yesterday

So what you gonna do now? Now I've found a way yeah!
So what you gonna do now? Now I've found a way yeah!
So what you gonna do now? Now I've found a way yeah!
So what you gonna do now? What you gonna do now?
