

Oh My God

Kassidy

Hanging on this sunny afternoon,
Living old is all I want to do.
People watching, what am I to do?
Waking up can never come too soon.

When I put these thoughts to rest
I know that I can worry less,
Seems that its just something I can't do

So, oh my God, this time I know I've hit the bottle,
Oh my God, this time I know I've hit the bottom,
Oh my God, I spent time with You,
Hanging is as hanging does
You know I can't stop crying

Hanging on this sunny afternoon,
Nightmares into daydreams if I could.
Listen to the thoughts i wont refuse
An open ear would do my heart some good

When I put these thoughts to rest
I know that I can worry less,
Seems that its just something I can't do.

So, oh my God, this time I know I've hit the bottle,
Oh my God, this time I know I've hit the bottom
Oh my God, I spend time with You,
Hanging is as hanging does
You know I cant stop crying

Standing on my own, I know I got to let it go
Standing on my own, I know I got to let it go
Standing on my own, I know I got to let it go
let it go.....

So, oh my God, this time I know I've hit the bottle
Oh my God, this time I know I've hit the bottom
Oh my God, I spend time with You,
Hanging is as hanging does
You know I can't stop crying
Hanging is as hanging does
You know I can't stop crying
