

# The Betrayal

Kassidy

Oh oh oh oh, oh oh oh oh,  
Oh oh oh oh, oh oh oh oh,  
Oh oh oh oh, oh oh oh oh,  
Oh oh oh oh, oh oh oh oh.

Gonna sell the secret, in exchange for lies,  
One person's gaining, from a blank demise,  
Blind words are quiet, but can take it all,  
We love the secrets, a shooting stone ball.

I didn't want to know it, I didn't have to know it,  
All my life's on fire,  
All my life's on fire,  
All my life's on fire  
Let it burn for sides a long long time.

Here come the shadows, you turn the victims in,  
It's all coming together,  
Original sin.

I didn't want to know it, I didn't have to know it,  
All my life's on fire,  
All my life's on fire,  
All my life's on fire,  
All my life's on fire.

Gotta leave town, got to get away,  
People move fast, gotta get away,  
Gotta leave town, gotta get away,  
People move fast, gotta get away,  
Gotta leave town, gotta get away,  
People move fast, gotta get away.

All my life's on fire,  
All my life's on fire,  
All my life's on fire,  
All my life's on fire.
