

Enjoy Saying Goodbye

Kat DeLuna

You keep on telling me what to do
Baby baby baby boy I'm saying I'm saying goodbye aye aye aye ay
e
Aye Aye

Give me a moment (moment)
Give me a minute to look in your eyes
I know you know it, you gotta kick out of making me cry
Think u cute when I'm fly
Like I can't get another guy
You got nerves to say that I left
Like this is gonna really last

No more hurt no more lies
No more love this time enough with your lies,
I believe in this love but you cross this line,
I'll enjoy saying goodbye.
Whooo Whooo Whooo
Aye aye

Don't try to phone me
Don't try to reason
Theirs no second try oh noo
See I told u I be the only one left with a smile,
Though it was cute look at you
Now you should meet the other guy
Thanks to you only you and only you now how it feels in the oth
er side

One minute you had the best of me,
I was so sad you wouldn't believe,
Now you wanna no mistake
I'm in love what a shame and whoo whoo is too late...

Goodbye goodbye goodbye goodbye
