

# Love Me, Leave Me

Kat DeLuna

The very first day of my life  
Was the day that you let me go  
It was a blessing in disguise  
Now I see that I'm beautiful  
If all we ever did was fight  
We was so dysfunctional  
Now I've forgotten all the times  
And all the days I was lovin you.

Just like a ghost from my past (he's come back to haunt me)  
Saying that you want me back (but that's impossible so...)

Love me, leave me  
Cause I've already closed that door  
Don't want to be  
In that pain I've felt before  
If I only could be myself  
Without your approval anymore  
So love me, leave me  
If you love me leave me alone

Now there used to be a time  
I would've taken you back again  
But now without you on my mind  
And I'm totally independent  
So you can save your little lies  
Cause i know whats happenin'  
Your missin' me but say goodbye (yeah)  
To all the days I was lovin' you

[Pre-Chorus]

[Chorus]

If you really wanna help  
Then you should go  
Cause I promised myself  
I'd let it alone  
At the back of the shelf  
Cause where i put what we had  
I'll never going back, no

[Chorus]
