## Charade

## **Kat Edmonson**

When we play our charade We were like children posing Playing at games, acting out names Guessing the parts we played

Oh, what a hit we made We came on next to closing Best on the bill, lovers until Love left the masquerade

Fate seemed to pull the strings I turned and you were gone While from the darkened wing The music box played on

Sad little serenade Song of my heart's composing I hear it still, I always will Best on the bill, charade

Fate seemed to pull the strings I turned and you were gone While from the darkened wing The music box played on

Sad little serenade Song of my heart's composing I hear it still, guess I always will Best on the bill, charade
