A Soulless God

Kataklysm

The world ain't all sunshine and rainbows It's a very rough, mean place And no matter how tough you think you are It'll always bring you to your knees And keep you there permanently if you let it

You are nobody ain't never gonna hit as hard as life But it ain't about how hard ya hit It's about how hard you can get hit and keep moving forward How much you can take and keep moving forward

If you know what you're worth Then go out and get what you're worth But ya gotta be willing to take the hit

Once you die there's no coming back Is it survival or is it emptiness? I scratch the surface just to see another day

My eyes are bleeding, my hands are hurting And the sun is burning, no one could understand This life has given me addiction Is just too hard to see

Even God forgot about me As I stand here chaos reign's my destiny Even God forgot about me I'm just a useless being with no journey to fulfill

There's a hole in the sky Big enough for me to fall There's no one there to catch me As I burn into this hell

The blade is touching my skin Suicide is coming within A past no one else sees No hope, no time, no identity

Pain is underrated when your soul is annihilated What is your fear? What is your motive for life? I am the example of all that is your failures Sink into me and drown with me

My eyes are bleeding, my hands are hurting And the sun is burning, no one could understand This life has given me addiction Is just too hard to see

Even God forgot about me As I stand here chaos reign's my destiny Even God forgot about me I'm just a useless being with no journey to fulfill

Tales of a soulless god

There's a hole in the sky

Big enough for me to fall There's no one there to catch me As I burn into this hell
