Black Erotica

Black theatre of love Violet dancers cast their blood The moon gave me flowers For funerals to come

12 shapes bow before her I am still one of them 12 morbid ways to die Her beauty scares me

I'm falling deeper No more pain to feel now Touch the silence Afraid of hell

Black theatre Violet dancers drink my blood The moon gave me flowers For funerals to come

I cannot breathe I am losing life The moon paint the skyline blue She died so beautiful
