

## Sulfur

Katatonía

I'm drawing back time  
to feel things once again  
as when I had found them

I saw you grow older  
saw myself grow older too  
but not as much as you  
if I only knew

I had sulfur in my heart  
but not enough strenght to give it a spark  
I didn't know when to start  
when we were bright or when we were dark  
I had a wind in my chest  
blew as hard as it ever could  
I could have written books for you  
if I only knew

I held my head down I know  
and you walked around in circles  
I'm sure you already knew  
if I only knew it too

So much I want to ask you  
you have no time to let me do so  
there is no light in my pathway  
you must tell me where to go
