Verse 1
Whatever you want girl, I've got it
Whatever you need girl, I've got it for you
Coz it's alright when you're feeling low
Yes it's alright honey don't let go
Yes it's alright
Whatever you're missing, I'll find it
Whatever you're wishing, I'll make it come true
Coz it's alright when you're feeling low
Yes it's alright honey don't let go
Yes it's alright

You know you colour me life
You colour me thinking
You colour them cool
And If you're feeling alright
Then why are we waiting?
Colour them cool
Bet you're no fool girl

Just give me the reason, I'm right there with you

Yes it's alright honey don't let go
Yes it's alright
