

# Get Away

Katchafire

\*Chorus\*

I gotta get away sometimes (get away, get away)  
I got to get away  
I gotta slip away sometimes (get away, get away)  
I got to slip away to my special place

\*Verse 1\*

I woke up yeah on a cloudy day  
I'm feeling blase blase from last nights party  
And in the back of my mind I got work today  
I couldn't find my shoes to lardy dardy

\*Bridge\*

Excuse me sir, me car broke down  
Me Mrs left me with the baby now  
And I can't make that date today  
It might have to be another day  
I said I'm sorry  
I said I'm sorry  
Oh yeah

\*Chorus\*

\*Repeat Verse 1\*

\*Repeat Bridge\*

\*Chorus\*

Got to get away  
Got to slip away  
Got to get away  
Got to slip away  
Got to slip away to me own reality...

\*Chorus to fade\*
