## **Get Away**

Katchafire

```
*Chorus*
I gotta get away sometimes (get away, get away)
I got to get away
I gotta slip away sometimes (get away, get away)
I got to slip away to my special place
*Verse 1*
I woke up yeah on a cloudy day
I'm feeling blase blase from last nights party
And in the back of my mind I got work today
I couldn't find my shoes to lardy dardy
*Bridge*
Excuse me sir, me car broke down
Me Mrs left me with the baby now
And I can't make that date today
It might have to be another day
I said I'm sorry
I said I'm sorry
Oh yeah
*Chorus*
*Repeat Verse 1*
*Repeat Bridge*
*Chorus*
Got to get away
Got to slip away
Got to get away
Got to slip away
Got to slip away to me own reality...
*Chorus to fade*
```
