

Hey Girl

Katchafire

Hey girl, you caught the eyes of a brother man
I want you in my world
You can take me by the hand
And even walk with me

I know there's a place where we can go
No one can find us and only Jah knows this
It's a place of peace and tranquility
Find it in the rythm when you're skanking with me girl

You wanna skank it with me
You wanna skank it with me
You wanna skank it with me girl
You wanna skank it with me

Hey girl, what are you like when the rythm hits?
I want you in my world
You can take me by the hand
And even walk with me

I know there's a place where we can go
No one will find us and only Jah knows this
It's a place of peace and tranquility
Find it in the rythm when you're skanking with me girl

Don't let nobody ever try to cease you from dancing
Reggae's good for you
Fill up your body
Let it flow through you
With the rythm of skaning

Don't let nobody ever try to cease you from dancing
Reggae's good for you
Fill up your body
Let it flow through you
With the rythm of skaning
