See the fire, watch it grow
Even when I've got my eyes closed, oh
Seeping deep into me
I can feel you breathing in my bones

And I follow blind
Through a tunnel mind we meet
And it's burning bright
And I feel it cry for me

Reaching out for the northern lights Leave it all behind Reaching up for the neon sky Now our stars align

And everything we touch turns to gold Never ever let go 'Cause everything we touch turns to gold So never ever let go

Colour in, colour out
See my breath and feel the ice-white heat
Pick me up, slam me down
'Cause my heart is hearing every beat

And I follow blind
Through a tunnel mind we meet
And it's burning bright
And I feel it cry for me

Reaching out for the northern lights Leave it all behind

And everything we touch turns to gold Never ever let go 'Cause everything we touch turns to gold So never ever let go
