

## Brave

Kate Ceberano

What a brave, brave girl  
Never lied before  
Such a plain deceit  
Everyone would eventually know....  
What a brave brave girl  
Never loved before  
Placed herself in reach....  
So he tried....in his own way  
To find the heart of the tight-packed rose  
She's gone now  
But oh  
She aches  
He will search until he's found  
A way to take the days  
See her sadness in your face  
She's inside you  
And she's crying.
