

Pash

Kate Ceberano

Pash between the lines honey read my lips
Can you read my mind dig my finger tips
I really like to just hang around
Crawl back into bed where it's nice and warm

Luck fell in my lap when you walked my way
Part of your tender trap
Yes I'm willing prey
I really love to speak in tongue crawl into your mouth
That's where I belong, passionate kisses
Kiss me, kiss me, kiss me

Oooh oooh oooh
I'm on fire when you love me
Kiss me pash me, bradley
Pash me, pash me, pash me

Pash beneath the signs of a neon mall
Lost between the now and the human sprawl
We really love to just hang around
Even if there's nothing really happening

Passionate kisses
Kiss me, kiss me, kiss me

Oooh oooh oooh
Cause I'm on fire when you love me
Kiss me pash me, bradley
Pash me, pash me, pash me
Oooh oooh oooh
Yes I'm on fire when you love me
Kiss me pash me, bradley
Pash me pash me pash me

Now I don't want to tame this illicit urge
There's this part of me that's just got to splurge
I really like to just hang around, come back into
Bed babe, turn off the phone
Passionate kisses
Kiss me, kiss me, kiss me
Oooh oooh oooh
Cause I'm on fire when you love me
Kiss me pash me, bradley
Pash me, pash me, pash me
