

Only in dreams

Kate Earl

I lie in bed and hear the sea
My mind is filled with things id be
I'm a perfect girl
Only in dreams
There is no past there is no pain
The world is free from suffering
It's a perfect world
Only in dreams
I only see what I could be
I am fearless I am free
It's a great escape
it's a perfect place to play
Until my heart returns to me
Until the time that I find peace
I give myself only in dreams
Until my heart returns to me
Until the time that I find peace
I give myself only in dreams

I lie awake and hear the rain
My mind is filled with things id say
All the perfect words
Only in dreams
There is no longing theres no ache
Theres no promises to break
It's a perfect world only in dreams
I see the way that things should be
I feel love surrounding me
Its a great escape and I never want to leave
Only in dreams

Until my heart returns to me
Until the time that I find peace
I give myself only in dreams
Until my heart returns to me
Until the time that I find peace
I give myself only in dreams
