

Mouth 2 Mouth

Kate Havnevik

Calling your name
You're diving again
You are my sunken friend
Close to a drunken end

Mouth to mouth and head in sand
I am holding you
Mouth to mouth, just seconds by
Saved your life again

Slumber in water
You need a navigator
Say, how is the weather down there?
I'd really like to know...

Mouth to mouth and head in sand
I am holding you
Mouth to mouth, just seconds by
Saved your life again

Mouth to mouth and head in sand
I am holding you
Mouth to mouth, just seconds by
Saved your life again
And again, and again
