Not Fair

Kate Havnevik

He got away with thousands of dollars He got away from the state police He got away with emotional murder He slipped away with the summer breeze It's not fair To call it a day It's not fair To just walk away It's not fair To bring me down It's not fair To leave a mess behind He got away with the ultimate shakedown He ran away from the scene of the crime He got away from everyone in his way Gone, and not a trace left behind It's not fair To catch me out It's not fair To leave me in doubt No it's not fair To not explain It's not fair To leave a mess behind How'd you pull it off? how'd you get away with it? I never stood a chance Oh you left me to die It's not fair To pull me down It's not fair To make me run around No it's not fait To not explain It's not fair To make me ask you why To leave a mess behind

To make me ask you why
