

# Timeless

Kate Havnevik

Timeless  
Love is a cure  
A promise  
Still so pure  
Rise like the tide  
No need to hide it  
Fearless  
Just like before

Oh, here we go  
They're all waiting for a cure

Breathe in  
And let go  
I have seen  
How you crawl  
Let go and hover  
Still changing colors  
But nothing  
Can break this call

Oh, here we go  
They're all waiting for a cure  
Oh, here we go  
They're all waiting for a cure
