

# Let Me Fade

Kate Miller-Heidke

Child is born  
And you get it, and you call it yours  
Child cub  
And you raise it, you raise it up

I tried so hard to give you love, I tried so hard to give you l  
ove

I'm a stumbler, I'm a seeker, I'm a roller  
Just let me fade  
I'm a drinker, I'm a wanderer, I'm a loner  
Let me fade, let me fade, let me fade away

This heart  
Weary boulder  
So heavy and I wonder now  
Sorry, I'm so sorry if I ever let you down

I tried so hard to give you love, I tried so hard to give you l  
ove

I'm a stumbler, I'm a seeker, I'm a roller  
Just let me fade  
I'm a drinker, I'm a wanderer, I'm a loner  
Let me fade, let me fade, let me fade away

I'm a stumbler, I'm a seeker, I'm a roller  
Just let me fade  
I'm a drinker, I'm a wanderer, I'm a loner  
Let me fade  
I'm a stumbler, I'm a seeker, I'm a roller  
Just let me fade  
I'm a drinker, I'm a wanderer, I'm a loner  
Let me fade, let me fade, let me fade away
