

Let Them Fly

Kate Rusby

How can you speak when you don't understand
how can you change what is altered
how can you help when you won't reprimand
and how can you save what has faltered

the beasts on the wing let them fly
the world in a spin let them fly
and we can watch as they fall
and try not to notice at all

how can you share what you've already spent
how can you care for the harmless
how can you take when you have no consent
we will never be charmed by the charmless

the beasts on the wing let them fly
the world in a spin let them fly
and we can watch as they fall
and try not to notice at all

hoe can you talk of the great and the could
wehn all that we hear is deceiving
how can we find what you never could
don't let us stop you from leaving

the beasts on the wing let them fly
the world in a spin let them fly
and we can watch as they fall
and try not to notice at all

the beasts on the wing let them fly
the world in a spin let them fly
and we can watch as they fall
and try not to notice at all

and we can watch as they fall
and try not to notice at all
