Take my hand my dear
We know that the time it is near
Be strong and be brave, my dear
Let me go now, let me go

How it came to this
It's not clear
Long and lonely nights
Now I fear
Though I need your hand to hold,
My dear
Let me go now, let me go
Let me go now, let me go

Take my hand my dear
We were drifting year after year
When we tried our best to fly, my dear
Let me go now, let me go

How it came to this
It's not clear
Long and lonely night
Now i fear
Be strong and be brave
My dear
Let me go now, let me go
Let me go now, let me go

Take my hand my dear
Love takes us far away from here
Tell me once again so I hear
Let me go now, let me go
Let me go now, let me go

Let me go now, let me go
Let me go now, let me go
