

## No Names

Kate Rusby

Take my hand my dear  
We know that the time it is near  
Be strong and be brave, my dear  
Let me go now, let me go

How it came to this  
It's not clear  
Long and lonely nights  
Now I fear  
Though I need your hand to hold,  
My dear  
Let me go now, let me go  
Let me go now, let me go

Take my hand my dear  
We were drifting year after year  
When we tried our best to fly, my dear  
Let me go now, let me go

How it came to this  
It's not clear  
Long and lonely night  
Now i fear  
Be strong and be brave  
My dear  
Let me go now, let me go  
Let me go now, let me go

Take my hand my dear  
Love takes us far away from here  
Tell me once again so I hear  
Let me go now, let me go  
Let me go now, let me go

Let me go now, let me go  
Let me go now, let me go
