

Sho Heen

Kate Rusby

Sleep my friend now I'll watch o'er you
The moon is here and the stars adore you
Close your eyes and you'll sleep just fine
Said my guardian angel once upon a time

Chorus

Sho Heen Sho lo, lu la lo, lu la lo
Sho Heen Sho lo, lu la lo, lu la lo

Why has my angel gone from me
The moon I fear and the stars fall on me
I won't close my eyes 'till the morning light
Oh bring on the sun I cannot rest tonight

Sleep my friend oh I'll watch o'er you
The moon is here and the stars adore you
Close your eyes and sleep tonight
Oh my blessed angel, here again, goodnight
