

# Everytime

Kate Ryan

I'm not afraid  
No more, no way  
I'm giving in, giving up,  
Surrendering to your love

I'm strong, with you  
You lift me up  
You pull me through  
I know I can count on you  
Anytime, no matter where you are

Everytime, I close my eyes  
You're right here next to me  
Your love's surrounding me  
Everytime, I look inside  
You're always in my reach  
Giving me all that I need  
Everytime...

Your touch, your kiss,  
You pull me in  
I can't resist  
I'm giving in, giving up,  
Surrendering to your love

We live, we love  
To the fullest with all we got  
I know I can count on you  
Anytime no matter where you are

Everytime, I close my eyes  
You're right here next to me  
Your love's surrounding me  
Everytime, I look inside  
You're always in my reach  
Giving me all that I need  
Everytime, everytime...

Everytime, I close my eyes  
You're right here next to me  
Your love's surrounding me  
Everytime, I look inside  
You're always in my reach  
Giving me all that I need  
Everytime...
