Life can be so beautiful
But it's not so easy
To make up your mind
Questions with no answers left to find
Life can be so colourful
Try to change the colour in your head
Turn white, tonight
I keep on searching to find
A solution for this misery
Try to find what life's supposed to be
I know it's worth it
I will find the key eventually you'll see

Did I make you cry now
You're leaving everything behind
You're free now
I turned your world around now
No more pain just let it be
You're free now

Life can be a miracle
Just let go of suffering now
And you will see
I keep on searching to find
a solution for this misery
Try to find what life's supposed to be
I know it's worth it
I will find the key eventually
You'll see

[Chorus]

You're free, you're free

[Chorus]
