

# One Happy Day

Kate Ryan

Can't you feel the pain that's killing me inside  
(it's hurting me)  
I think you don't know  
How many days and nights I've cried  
(I will believe)  
That I don't need you anymore  
It's a relieve for me to see  
That you can close that door

I am free to see true love and fly away  
No more memories of all the lonely days  
I am free to see true love and fly away  
I don't want you to stay, please walk away  
Give me one happy day

There is a world I know without you in my heart  
(it's hurting me)  
I just forget you and I make a brand new start  
(I will believe)  
That I don't need you anymore  
It's a relieve for me to see  
That you can close that door
