

Robots

Kate Ryan

Told what to do cause we are the robots
Oh oh oh oh oh oh
Stuck in a world that tries to control us
Oh oh oh oh oh oh

You, you are the static in my dreams
Circuit of electricity
Like a loop, that's always o-o-on repeat
I, got revolution in my soul
Like Che Guevara on a roll
C'est la vie we gotta go-oh-oh-oh

Told what to do cause we are the robots
Oh oh oh oh oh oh
Stuck in a world that tries to control us
Oh oh oh oh oh oh

Robots robots
Oh oh oh oh
Robots robots
Oh oh oh oh

You, won't make an android out of me
I feel the rhythm in my feet
The distant pounding of the beat
Oh, I see the wire in your veins
Metallic tears that hid your pain
So many things we can't explain

Told what to do cause we are the robots
Oh oh oh oh oh oh
Stuck in a world that tries to control us
Oh oh oh oh oh oh

My heart, my heart is still beating
They won't, they won't stop me breathing

But can robots dance, dance, dance, dance?
Can robots dance?
Can robots dance, dance, dance, dance?
Can robots dance?

Told what to do cause we are the robots
Oh oh oh oh oh oh
Stuck in a world that tries to control us
Oh oh oh oh oh oh

Told what to do cause we are the robots
Oh oh oh oh oh oh
Stuck in a world that tries to control us
Oh oh oh oh oh oh

My heart, my heart... they won't, they won't...
Stop me breathing!
