

## Tonight We Ride / No Digas Que No

Kate Ryan

Just take a look around you  
You and I have found truth  
La luz hoy brillara  
De una forma especial  
So tell me do you long to  
Taste my fire

I'm coming up sun  
I'll never be done  
Yes Tonight we ride  
No digas que no  
A solas tu y yo  
Y todo arderá

So take a look beside you  
My love is on the road to  
Lugar para escapar  
Sin nada que ocultar  
So tell me do you long to  
Taste all my fire

[Chorus]

Do you feel serenity  
Tell me Do you feel me Near  
Do you feel serenity  
Do you feel me floating near  
Can you taste my fire

[Chorus]
