

# All I See

Kate Voegele

Love is simple  
It's the simple things that make me smile  
It's clear as crystal  
I'm right where I should be  
You're one of a kind  
I know it, you know it  
It's all right love

Oh oh this is everything I need  
Oh oh I feel beautiful and free  
Oh I believe  
Oh oh I'm in love with all I see  
Oh I'm in love with all I see

There's a new moon  
Shining on the sea  
And in your eyes  
I can see truth  
Staring back at me  
It shines so bright  
I know it, you know it  
And it's all right love

Oh oh this is everything I need  
Oh oh I feel beautiful and free  
Oh I believe  
Oh oh I'm in love with all I see

Oh oh this is everything I need  
Oh oh I feel beautiful and free  
Oh I believe  
Oh oh I'm in love with all I see  
Oh I'm in love with all I see
