

All I See

Kate Voegele

Love is simple
It's the simple things that make me smile
It's clear as crystal
I'm right where I should be
You're one of a kind
I know it, you know it
It's all right love

Oh oh this is everything I need
Oh oh I feel beautiful and free
Oh I believe
Oh oh I'm in love with all I see
Oh I'm in love with all I see

There's a new moon
Shining on the sea
And in your eyes
I can see truth
Staring back at me
It shines so bright
I know it, you know it
And it's all right love

Oh oh this is everything I need
Oh oh I feel beautiful and free
Oh I believe
Oh oh I'm in love with all I see

Oh oh this is everything I need
Oh oh I feel beautiful and free
Oh I believe
Oh oh I'm in love with all I see
Oh I'm in love with all I see
