Ignorance is bliss, you'd always hear me say
But at times, you can't deny those eyes looking your way
Let me begin by saying what I mean
It's a crime against the heart, you know
To be somewhere in between

Don't be shy, I've got an open heart and hand
And I just might have to confess where I stand

'Cause lately, you make me weaker in the knees
And race through my veins, baby everytime you're close to me
Take me away to places I ain't seen
They say you've got a hold on me and I won't disagree

Rock-a-bye, my baby, don't be blue tonight
I'm on my way and I'm going to make it right
'Cause I've got the feeling you'll be needing love
And of all the lonely hearts, you're the one I'm thinking of

I've been told it's going to take an iron hand
To break the mold and stand above all of the rest, woah

Lately, you make me weaker in the knees
And race through my veins, baby everytime you're close to me
Take me away to places I ain't seen
They say you've got a hold on me and I won't disagree

I'll be thinking of that evening when there's nothing for me to do
I'll be wondering if by some slim chance you've been wondering
You've been wondering too, oh

Lately, you make me weaker in the knees
And race through my veins, baby everytime you're close to me
Take me away to places I ain't seen
They say you've got a hold on me

Lately, you make me weaker in the knees
And race through my veins, baby everytime you're close to me
Take me away to places I ain't seen
They say you've got a hold on me and I won't disagree
